San Jose, CA

Singapore

Philippines

Our Business

Dynamic Test Solutions (DTS) provides custom high performance tester interface hardware to a broad range of semiconductor automated test equipment (ATE) and laboratory board customers, including many in the Fortune 500.

DTS Business Model

- ***Global Presence***, providing a single partner worldwide and delivering Asia cost advantages
- ***Comprehensive Engineering Knowledge*** of semiconductor applications and testing
- ***Flexible Customer Solutions***, including complete turn-key alternatives

DTS Product Offerings

- Final test loadboards (DIB, DUT boards, HIB) & wafer test hardware (probe cards, PIB)
- Lab boards (FA, bench, design verification, reliability)
- Turn-key solutions (sockets, stiffeners, interfaces)

Our History

Global Presence

DTS is Where You Are!

Product Offerings (1 of 2)

Design

- Support Across All Design Software Platforms
- Template & BOM Creation
- Component / Symbol Creation (Librarian Services)
- Schematic Capture
- Component Placement
- Physical Routing
- Post Processing
- Design QC Services (DFM, DRC, Specification Validation)
- Fab Preparation
- Pre-Fab Stack Up

Product Offerings (2 of 2)

Fabrication

- Complete Turn-Key Services
- Service Across All Board Complexities
- U.S. and Asia Based Manufacturing
- In House Pre-Fab CAD / CAM and QC Processes
- Vendor Order Management
- Typical Cycle Times: 7-10 days (Expedite Options Available)

Assembly

- Component Sourcing and Procurement
- Both Hand & Automated Assembly
- Vendor Order Management
- Application Support
- Assembly Metrology Tools at All 3rd Party Assembly Partners

Laboratory Boards

- Engineer, Design, Fabricate & Assemble Custom Boards for:
 - Device Characterization and Verification
 - Bench Testing
 - Failure Analysis
 - General Laboratory Use
- Turnkey Services for Cables, Sockets, and Interfacing Hardware
- Dedicated Applications and Design Engineering Delivering Flexible Solutions, Short Lead Times and Excellent Quality
- Support for Product Transition from the Lab to Production Release
- Fast Growing and Strategic DTS Business Segment

Tester Platforms Supported (1 of 2)

HP82000
HP83000 (F660)
HP83000 (F330)
HP83000 (MCU)
HP93K PinScale
HP94000/9490
HP4071

Summary of Strengths

- Global Presence
- Comprehensive Semiconductor Test Knowledge
- Flexible Customer Solutions, Including Turn-Key
- Industry Leading Project Cycle Times
- Proven Track Record with Fortune 500 Customers
- Key Strategic Partnerships
- Cost Advantages by Leveraging a Strong Asia Presence
- Ability to Enable Fast Capacity Ramp Ups for Customers
- Industry Leading 1st Pass Success Rate

A Small Company with a Big Footprint!
